Inspirational messages and aphorisms from intuitive coach Phoenix are backed by the music of Gerald Jay Markoe in this 70-minute audio CD. The recording is divided into nine themed tracks, including “Communicating Truth,” “Radiant Power,” and “Creating From Spirit.”

Phoenix, also known as Lynn S. Marks and the author of the book *Messages From God: 365 Simple Truths for Success*, narrates. Messages include: “Impossibilities are possibilities waiting for imagination and will”; “The ultimate goal of life is understanding love”; and “Focus on what brings you utter peace and joy.”

Soothing music from Markoe’s CD releases, including *Celestial Mozart*, *Music of the Angels*, and *Music From the Pleiades*, anchors the CD. Recommend people select a track daily, listen quietly, and then pause when they hear a specific message that resonates powerfully within them. In this way, they can regularly find a theme for daily meditation imbued with a deep sense of peace and love. – Ray Hemachandra
